Dear Sir:

This letter report describes the activity under Task Order No. C from August 1 to October 1, 1957.

During this period, the effort has been limited to contact with the manufacturer of the 1/5-scale hydrogen-generator unit, to expedite the satisfactory completion and delivery of this unit. The delivery of this hydrogen-generator unit is expected in the latter part of October as planned, and our scheduled rate of effort will be resumed at that time.

The original appropriation on this Task Order was \$18,285. As of September 1, 1957, the unexpended balance was approximately \$16,150.

Sincerely,

25X1
